The diagram illustrates the relationship between three glm swizzle functions. At the bottom is a box for `glm::detail::_swizzle_base1< 4, T, Q, E0, E1, E2, E3, Aligned >`. Two arrows originate from its top edge: one points to the box for `glm::detail::_swizzle_base0< T, N >` on the top left, and the other points to the box for `glm::detail::_swizzle_base0< T, 4 >` on the top right.
